Polyurethane adhesive sealant/glue SIKAFLEX 291i 291i

Product attributes:

Color: White, Wood

Product codes:

Reference: SIK/291/XX
EAN13: -
UPC: -

Product features:

Packing: 300 ml
Hue: Brown wood or white

Product short description:

Marine polyurethane mono-component sealant/glue SIKAFLEX 291i. Polymerizes with humidity. Acts as a very durable sealant (resistant against vibrations). Specially adapted to sea water and weather damages. High adherence on itself and on most of the principal marina materials. Once polymerized, it can be sanded easily.
