Product short description:

DAVEYSHINE Instant Renovator for Copper, Bronze, and Brass Surfaces

A powerful cleaner that removes and dissolves all deposits on your brass, copper, and bronze fittings without scratching. Instantly restores shine and brilliance. Its unique feature is that it works without any mechanical action.

Packaging: 170g

Product description:

Instructions for Use: Simply apply the cream and let it sit for a few minutes to allow it to penetrate the metal. Shine is instantly restored by rubbing. The advantage of this cream is that it delays the adhesion of water splashes, grease, and other elements that cause oxidation or corrosion of copper and brass.
