Product short description:

Mast traveller in galvanized steel to maintain the halyard along the spar. (mast or bowsprit).

It slides around the spar, with the halyard attached to the closed eye, while the sail's halyard point is secured in the hook.

Available in five standard diameters: 50mm, 70mm, 90mm, 110mm, 130mm.

On request, we also offer leather sheathing using our 2.5mm gray chrome-tanned leather.
