Product short description:

Epifanes RAPIDCOAT mono-component varnish is a quick and easy solultion with an exellent protection (all types of climate). Based on alkyd resine/modified urethan and indestructible, transparent pigments for a slightly tinted and UV resistant finish.

Durable and beautifying protection for all internal and external marina wood types above the waterline.

Water-resistant while respecting wood breathing. High adhesion on teack and other exotic wood types.

Protects from bleaching and increases natural fibre of untreated wood. No need to sand between layers.

Do not dilute
