Product short description:

Yellow or red (lahogany) tinted transparent primer for renewing the natural color of wood and a better grip of varnish layers.

Main use for decks and all indoor and outdoor applications above the waterline.

Application :

1 or 2 primer layers before 4 to 5 varnish layers.

Why choosing COELAN varnish ?
very resistant against UV and wear, elastic, recovers cracks while wood's breathing. Resistant against alcools, detergents and solvents.
