Packing: 5 L

Packing: 0.5L

Use precaution: Drying after 6 hours in thin layer, sanding after 12 hours with dry abrasive and recoverable after 24h.

Hue: White

## Product short description:

Greasy and thin coating with high hardness and neat laquer finish.

Makes the one-layer-finish easy, can be applied as well on exterior as interior surfaces.

For a perfectly smooth finish we recommend to apply first ULIROC pitch.

This greasy coating allows you to lacquer your surfaces directly if the base is solid, clean and dry.

Ambiant air : 20°C, humidity : 60%
