Reference	Length(A)	Width (B)	Base dimensions (cxD)	Center distance (E)	Height(F)	Screw diameter
34/LA/050	50 mm	7 mm	18 x 10 mm	18 mm	18 mm	4 mm

## FREQUENTLY ASKED QUESTIONS

- 1. What screws should I order to attach this cleat?

  - This cleat is equipped with 4 screw holes.

To attach this cleat, you can order either bronze wood screws or bronze machine screws with matching nut and washer.

Be careful, bronze + brass + wood do not mix well outdoors. We therefore advise you to stick with bronze screws, or stainless steel if necessary.

- 2. Is this cleat available in other finishes?

  - This classic bronze cleat can be made in chrome, to order, within approximately 3 to 4 weeks.

- 3. Does this cleat exist in other dimensions?

---

- This cleat does not exist in other dimensions and cannot be made to measure.

## **to know**

This cleat is shaped manually using century-old molds, which may cause variations in the bronze. This gives the piece a uniqueness and authenticity.

Solid bronze offers unwavering resistance to all climatic conditions, thus preserving the quality and integrity of the material.
