EPIFANES RAPID CLEAR

Product attributes:

Product codes:

Reference:
VM/EPI/CLEAR
EAN13: -
UPC: -

Product features:

Packing: 0.75L

Product short description:

Varnish **transparent half-shiny finish** for an instant and a long lasting protection of greasy wood types like teack. Doesn't require any sanding between layers.

This varnish is made of modified alkyde urethan resin. It preserves the natural grain of wood and protects wood from bleaching.

Epifanes Rapidclear gives a half-shiny finish with a maximum of durability and UV protection.

Application :

4 to 5 layers each 5 to 6 hours after having successfully sanded and disgreased wood.
If needed you can just clean the surface and apply a new layer.
