Product description:

Product gallery:

To Sharpen the blade hold at 20° to and move lengthways on the oilstone.

For best Care and Operational use please rinse and oil the moving parts.

Lockspike operation

(Currey Lockspike Knives only)

shackle opening

On receipt you should fit the shackle over the blade.

With the shackle in this position pull the free

shackle now securely locked.

replace the shackle over the blade

shuttle through the blade to open again.

This is the famous "Currey Lockspike Bosun".
Just one of Captain Currey's tested marine
products.
